

## Campbell Macpherson: Change Catalyst

-----  
*Enable your people to thrive in a world of change.*

**Inspirational Keynote Speaker**

**Author of the 2018 Business Book of the Year**

**Experienced Global Change Leader**

Campbell Macpherson is an international business advisor, keynote speaker, expert facilitator, MC, Executive Fellow of Henley Business School and award-winning author of three books:

1. ***'The Change Catalyst - secrets to successful & sustainable business change'*** (Wiley 2017), the UK's 2018 Business Book of the Year. In today's uncertain world, leadership is all about leading change.
2. ***'The Power to Change - how to harness change and make it work for you'*** (Kogan Page 2020). How to embrace change and look for the opportunities. If your people aren't ready willing and able to change, nothing will happen.
3. ***'You: Part Two - thriving in the second half of your life'*** (Hachette 2021) co-authored with his yogi wife, Jane. In an ageing world that is ironically obsessed with youth, we Second Halfers have no intention of fading away!

Enabling leaders to lead change, empowering individuals to embrace change and now helping companies to forge new relationships with the lucrative Over 50s – the customers with three times as much money as all of the others combined.

**88% of change initiatives, strategies, mergers and acquisitions fail.  
 Campbell gives your people the ability to be the 1 in 8 that succeeds.**

**Campbell Macpherson** is an Anglicised Australian who has been leading or enabling strategic change for more than 25 years; helping organisations across UK, Europe, US, Asia, Australia & the Middle East to clarify their strategy, build cultures that embrace change and align their people to deliver.

In a wide, varied and ongoing career, Campbell has been CEO, Strategy Director, HR Director, Marketing Director, eBusiness Director, board member, change leader, business adviser and NED. He was an early multimedia entrepreneur and began his career flying (badly) in the Air Force. He still holds the record for being the worst RAAF pilot ever to make it through to jets.
